

Pregnancy Resource Medical Center of Fort Bend County

Ethics Agreement

1. I believe in the sanctity of human life as taught in the Bible. Therefore, I reject abortion as an acceptable option for a woman facing a crisis pregnancy. I will not participate in any action which results in the end of an innocent human life.
2. I will uphold the trust placed in me by the staff, Board of Directors, supporters and clients. I commit to keep in complete confidence all information pertaining to clients, donors, supporters, and finances. I understand that violating confidentiality in any area is grounds for immediate termination of my position. I will continue to keep all information confidential even if I no longer volunteer for the Pregnancy Resource Medical Center (PRMC).
3. I have read, understand and agree with the PRMC Statement of Faith and Commitment of Care and will uphold them as well as all policies and procedures established by PRMC.
4. I understand that PRMC is a Christian organization consisting of staff and volunteers from multiple denominations. I will not discuss doctrinal beliefs that may be divisive. Even though we may come from varying doctrinal backgrounds, we are one in Christ. I agree to work to promote help, hope and the Gospel to our clients, based upon our agreement with PRMC Statement of Faith.
5. As a PRMC staff member or volunteer I will not encourage or refer artificial birth control to clients. I understand that PRMC is not a medical clinic; therefore, those working for PRC (including volunteer licensed-nurses) may not refer or encourage the use of birth control. I can, however, offer **married** couples information about fertility awareness and natural family planning.
6. I will be dependable. Good intentions that lead to missed appointments or unfinished tasks leave PRMC vulnerable to losing credibility and trust from those we seek to serve. I will be on time, remain for my shift and fulfill a one-year commitment (unless a shorter period is approved) by PRMC.
7. I will maintain a servant's heart. Some of the jobs to be done at the PRMC are exciting and others menial. Staff and volunteers work together as a team and help where we are needed (non client contact volunteers will not be asked to do anything they have not been taught through training). I will commit to the completion of the PRMC training and to ongoing training.
8. I will continue to pursue growth in Jesus Christ. I will attend church regularly and continue Christian growth through personal and small group study.
